Offset Your Travel to WEFTEC 2025

[Dashboard](#)

Thanks to the generous donations from our attendees, exhibitors, and suppliers, along with a matching donation from WEF, we offset 55% of GHG emissions from travel to New Orleans through purchasing carbon offsets.

We are offering the opportunity for you to donate again this year. Your donation will be used to purchase carbon offsets to support investments in projects that reduce or remove greenhouse gases from the atmosphere, such as reforestation, renewable energy, and energy efficiency initiatives.

A carbon offset icon will be printed on badges to acknowledge everyone that donated.
