RE: National Water Environment Federation WEFTEC Conference to be held September 30 – October 4, 2017 in Chicago.

Dear Mr. Jones:

We have reviewed your request for continuing education hours as provided for in Nebraska Administrative Code Title 197, *Rules and Regulations for the Certification of Wastewater Treatment Operators in Nebraska*. Conference event sessions approved for continuing education hours are listed below. A Nebraska certified professional wastewater operator could earn a maximum of 30.00 continuing education hours for their attendance at the 2017 WEFTEC Conference in Chicago.

The break-down of approved hours are as follows:

Session Type:	Approved Hours:
Opening General Session	1.00
Workshops	12.00
Technical Sessions	16.50
Facility Tours	11.00
Operators Challenge	12.00

Again, due to overlapping sessions, the maximum number of wastewater operator continuing education hours is 30.00. We appreciate your efforts to provide quality continuing education to Nebraska wastewater operators. As a reminder, please forward a list of Nebraska attendees within 30 days of the conference. Please do not hesitate to call me if you have any questions.

Sincerely,

Mike McBride
Operator Certification Program Coordinator
