Approval Details:

WEFTEC 2024® has been approved by the CCWP – Course Number 24-10892. Please the review attached approval details for more information...

An example of a form of certificate that can be used to document course completion is on the OCPO web site, www.ocpoweb.com. You are not required to use this specific form; rather it is an example that provides the information needed by the Board.

NOTE: All courses submitted and approved must be resubmitted for approval in subsequent years. Course approval is on a YEARLY basis only. (Please refer to Policies and Procedures Regarding Approval of Training Units located on the web at www.cdphe.state.co.us/op/ocb/ocbhom.asp).

Should you have questions regarding the preceding, contact OCPO as noted above.

Criteria which is used to demonstrate successful course completion :

- Attendance

Course Description:

WEFTEC is the largest annual water quality event in the world. The expansive show provides unparalleled access to the most cutting-edge technologies in the field, serves as an international forum and promotes invaluable peer-to-peer networking among attendees. WEF offers this conference as a way to further education for water industry professionals, provide opportunities to get more involved and gain knowledge of technical advances within the industry. WEFTEC's Technical Program is primarily designed around a classroom and lecture structure with audience participation, Q&A sessions, table-top exercises and break-out groups.
