

SDG Theater

Booth 1115-Hall B2

In its second year and growing, the Sustainable Development Goals (SDG) Theater in the Drinking Water Pavilion, features insights into all aspects of the circular water economy from water stewardship to resource recovery to stormwater to diversity, equity and inclusion. The SDG Theater, Innovation Showcase Theater and the Global Center are integrated as pavilions on the exhibition floor to provide valuable, timely information while having ready access to exhibitors featuring the latest innovations.
