CREATING THE FUTURE OF WATER

WEFTEC is the water event of choice for thousands of global water professionals looking for solutions to global water challenges.

In 2018, WEFTEC welcomed 2,646 global attendees from over 70 countries.

PARTICIPATE IN A TRADE DELEGATION AT WEFTEC

WEF's trade delegation program is designed to support the increasing number of international buyers who visit WEFTEC. The program offers delegates the chance to network with others in the water quality industry from the U.S. and all over the globe, establish business contacts, create partnerships, and share the latest technologies and innovations available to global water professionals. U.S. trade agencies, consulates, embassies and independent delegation organizers work with WEF staff and water and wastewater professionals to coordinate meetings for international delegates interested in gaining greater access to international markets.

PART OF THE U.S. DEPARTMENT OF COMMERCE INTERNATIONAL BUYER PROGRAM

International Trade Specialists from the U.S. Department of Commerce are available in the Global Center to provide matchmaking assistance and export trade counseling to international attendees and exhibitors.

Contact the Commercial Service Specialist at your local United States Embassy or Consulate to discuss participation.

COUNTRY PAVILIONS AT WEFTEC

Eight countries are hosting pavilions during WEFTEC 2019: Brazil, Canada, China, Denmark, The Netherlands, South Korea, Spain, and Taiwan.

Contact Nic Christy at nchristy@wef.org to learn more about this program.
