WASH CHARITIES BENEFITED

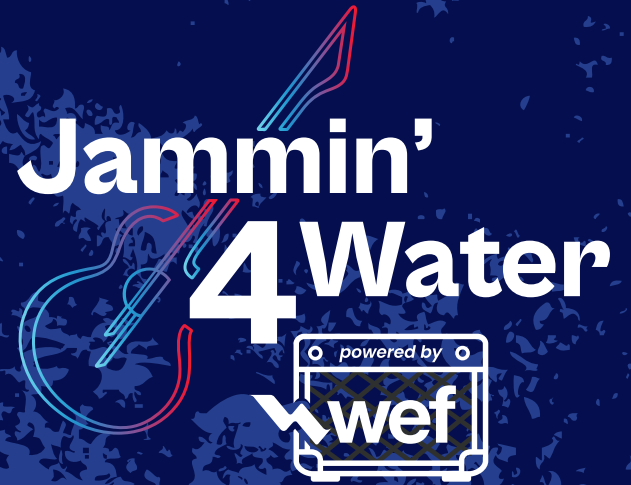

\$600K+

Given to WASH Charities

Over the past 12 years with the help of our sponsors, the following charities have benefited financially, totaling over \$600,000. All water-focused charities submit a brief proposal regarding their project concepts prior to receiving funding. A committee reviews the proposals to prioritize financial rewards.

The 2026 fundraising goal is to provide \$100,000 in charitable donations. With your generous support, we can make this possible.

A tall, golden, perforated tower stands on the left side of the page. A person is climbing the tower, and a crowd of people is visible at the base with their hands raised. The background is a dark blue with a pattern of small, light blue leaves.
